

Ultra-Premium Shake and Scallop Siding

Authentically Detailed for Exceptional Style and Performance

Alside®

— MANUFACTURED BY AMERICAN ORIGINAL BUILDING PRODUCTS, LLC —

EXPERIENCE THE INNOVATIVE DESIGN OF PELICAN BAY® ONE

Incorporating new technology and style in a remarkably innovative way all while reflecting the natural beauty of your home . . . imagine the possibilities.

THE PERFECT BALANCE OF GRACE AND STRENGTH

As part of our never-ending ambition to offer innovative products and exterior design solutions, Pelican Bay One shakes and scallops are produced in a single row for enhanced design flexibility. These extended-length panels achieve long, uninterrupted course lines for a markedly superior finished look. Performance is also heightened by the continuous top and bottom lock technology that protects your home from almost anything Mother Nature can dish out.

Four authentic cedar reproductions are designed by artisans and engineers to guarantee that each piece looks handmade. New technology and color selections work with all Alside siding profiles, creating virtually endless design options.

And, when it comes to separating Pelican Bay One from real cedar – the distinction is in the performance. Pelican Bay One features durable polymer construction that won't crack, warp, rot or split and never needs to be painted. You'll have the natural beauty and appeal of genuine cedar but without the time-consuming maintenance.

These distinct qualities combined with the latest technology make Pelican Bay One an industry leader in design, appearance and performance.

Where DESIGN and PERFORMANCE WORK TOGETHER To Help You and the Environment.

EXCLUSIVE FEATURES DELIVER THE CLASSIC LOOK OF CEDAR WITHOUT THE ANNUAL MAINTENANCE AND EXPENSE.

CONTINUOUS PANEL LOCK

We've got the lock on a secure fit with this patent-pending design.

Integrated panel locking system secures panels tightly together for a strong, secure fit. This innovative patent-pending design combines outstanding strength and durability that results in a stable and consistent appearance.

EXTENDED LENGTH

Extended panel length designed for a truly authentic wood look.

Pelican Bay One's longer panel design delivers a cleaner exterior appearance by reducing panel seams. In addition, the extended length panels reduce repeat patterns to recreate the distinctive beauty of a natural cedar installation.

SELF-ALIGNING NAIL SLOTS

Secure, precise installation made simple.

This right-sized aligning method precisely sizes and spaces each nail slot to provide accurate and secure installations every time. Unlike typical polypropylene panels that are center nailed, these patent-pending self-aligning shakes and scallops ensure nails are properly positioned for optimal expansion and contraction in all weather conditions.

SELF-CONCEALING SEAM LOCK

For a flawless, classic look.

The Self-Concealing Seam Lock creates virtually no visible overlaps to detract from the overall appearance. The panel's side locks feature the same cedar grain detail as the panel to achieve a uniform, seamless appearance with traditional handcrafted beauty.

SEASON 4 TECHNOLOGY

Installation made easy no matter what season it is.

Shakes and scallops can be installed with confidence in almost any weather condition. A temperature chart on the nailing hem permits installers to match the current temperature to its comparable mark, allowing for ideal expansion and contraction in any season.

GALE FORCE 5 TECHNOLOGY

When the wind blows, Pelican Bay One doesn't.

Pelican Bay One shakes and scallops are designed and manufactured to perform under extreme weather conditions. In independent lab tests, they remained secure in Category 5 hurricane-velocity winds.

AN ECO-FRIENDLY CHOICE

The home that protects you can also help protect the environment. As a durable product with a long service life, vinyl siding reduces the depletion of wood and other precious natural resources commonly used in home construction. It's also friendlier to the environment than brick or stucco in terms of air pollution caused by production, fossil fuel consumption and global warming impact.¹ And because vinyl siding never needs to be painted, it helps prevent paint, stain, caulk and other maintenance-related products from polluting the earth.

EXQUISITE DETAIL, BEAUTIFUL COLORS *and a* LIFETIME *of* ENJOYMENT

You'll Find No Limitations Here.

PROFILES AND TEXTURES INFUSED WITH CHARACTER – PELICAN BAY ONE IS EVER STRONG, EVER STYLISH

There are no limits to what you can do when you imagine your perfect exterior design. From ornate and dramatic to muted and charming, customization is yours with Pelican Bay One Shakes and Scallop. Beautiful, practical, and made to last, this impressive collection features the distinctive beauty of natural-looking woodgrains without the time-consuming maintenance and costly upkeep.

Traditional 7" shake features a remarkably authentic woodgrain texture.

TRADITIONAL SHAKE

Handsomely crafted with a rough texture, this classic profile will give your home an added dimension of character and style.

Pelican Bay One Traditional Shakes will appeal to your home's structural sensibility and enhance the overall curb appeal at the same time. A single 7" exposure and authentic woodgrain reproduction, created with the use of multiple random molds, offer a distinguished and elegant profile that looks remarkably authentic. A longer length (6'8") combined with our new installation technology creates a beautiful, seamless appearance. Sharp woodgrain details add natural highlights and shading to form a timeless warmth and beauty for your home's exterior.

Pelican Bay One Shakes are ideal for coastal areas or other high-wind locations. In independent tests, they remained secure in winds equivalent to a Category 5 hurricane.

Pelican Bay One Scallops create the distinctive look and roughsawn feel of cedar half-rounds.

SCALLOP

From elegant to rustic, the artistic symmetry of these superbly crafted scallops will embrace your every idea and inspiration.

Create legendary appeal and provide an unexpected natural touch to your home with Pelican Bay One Scallops. Each polypropylene scallop has a uniform, roughsawn woodgrain texture designed to replicate the beauty of cedar half-rounds. Deep shadow lines define the siding contours for outstanding curb appeal. It's durable, versatile, and backed by our industry-leading warranty so you know it's here to stay and made to last.

The single 6 1/4" exposure offers lock-up installation that secures each panel for a seamless appearance and accurate fit. The classic half-round cut with woodgrain finish is a perfect accent to your overall design choices.

CLEAN LINES *and* TIME-HONORED CRAFTSMANSHIP
Achieve Exquisite Detail You'll Appreciate From Every Angle.

CAPE COD SHINGLE

The clean lines and basic fundamentals of our Cape Cod Shingles beautifully capture the welcoming, easy-care ambiance of the picturesque New England shoreline.

You'll fall in love with Pelican Bay One Cape Cod Shingles. The beauty is seen in the subtle details and how seamlessly it coordinates with your surroundings. You'll find it to be an elegant, classic style that is also remarkably resistant to wind and moisture.

Available in a traditional 5" double-course Cape Cod style cut, this masterfully crafted panel boasts a uniform woodgrain texture that recreates the subtle elegance of natural wood.

The uniform style and woodgrain texture of our Cape Cod Shingles convey classic coastal charm.

HAND-SPLIT SHAKE

Calling to mind the time-honored craftsmanship of hand-cut shake, this faithful reproduction imparts a generous measure of character and charm.

Whether you want to side your entire home or simply accent specific areas, Pelican Bay One Hand-Split Shakes are an excellent choice for adding visual interest to the exterior.

The deeply grained and random texture of the architecturally correct 9" exposure elevates hand-split shake to a new level of design. The rough-cut bottom edge, custom craftsmanship and attention to detail gently mixes the beauty of genuine cedar shake with the low-maintenance benefits of polymer technology. The result is a siding that's remarkably durable, yet warm and inviting.

ELEVATE YOUR HOME *to a* HIGHER STANDARD *of* STYLE

With a Wide Variety of Exciting Color Possibilities.

COLOR AND DESIGN INSPIRATION

Imagine the rippling waters of an endless ocean, the sun setting beyond its waves, the sky alight with reds, oranges and yellows. Imagine those same colors shimmering off the water's surface, warming your face. Is there anything quite so defining in life as color?

That's why we created the Artistic Color Collection. Sixteen deep, rich colors that, together with our Contemporary Color Collection, capture the spirit of the American dream and present it perhaps a little more vibrantly than ever before.

Nothing defines a home more than color. It's the face it shows the world. If you'd like your home to have a change of expression, there's no better way than with Pelican Bay One. You'll enjoy the traditional appeal of cedar shakes and scallops, complemented by exquisite accessories.

Charcoal Smoke	Cast Iron					

THE ART OF THE MIX

There's no need to settle for siding and trim that almost match. Alside's ColorConnect® Color Matching System offers smart solutions for every design approach. ColorConnect standards have been painstakingly applied to select Alside products to ensure you are making tasteful color choices with enduring aesthetic value and the custom look you desire.

Whether it's a rich color that draws your eye to an interesting architectural detail, or neutral hues applied to a historic home, the Alside ColorConnect Color Matching System helps you successfully match the color of your siding with other Alside exterior products and accessories.

*Not available in all markets. Some colors and profiles are special order. Note: Colors are as accurate as printing techniques allow. Make final color selections using actual vinyl samples. See your Alside Sales Representative for details.

The ALSIDE EXTERIOR DESIGN SYSTEM

Coordinated Easy-Care Products

EXTERIOR TRIM, ACCESSORIES AND ACCENTS

Add the perfect finishing touch to your Pelican Bay One siding with our beautiful collection of color-matched trim and accessories. Together, these exterior design elements will give your home a “pulled together” look that truly sets it apart.

The distinction is in the details. The color, trim and accents you select can have a dramatic effect on the appearance of your home. Classic lineals around the windows or doorway, extra detail on the corner posts, a crisp band of trim along the roofline – it’s the little things that give a home personality and style.

PEACE OF MIND

Pelican Bay One Shakes and Scallops manufactured by American Original Building Products, LLC. (AOBP) are backed by a Lifetime Limited Warranty.[†] Please direct all claim questions to AOBP at 330.786.3000. See your representative for a copy of the warranty.

With Pelican Bay One you get more than our assurance of quality; the shakes and scallops meet or exceed numerous ASTM standards.

HOME VISUALIZER

See the finished look before the work begins! Our Alside siding visualizer lets you create multiple exterior designs with just the click of a mouse. Simply select a house style – or submit a photo of your own home – and choose siding profiles, accents, soffit and trim, along with color options for doors, roofing, shutters and more.
